

# PUBLIC DAILY LEDGER

SIXTH YEAR.

MAYSVILLE, KY., WEDNESDAY, OCTOBER 6, 1907.

ONE CENT.

## LARGEST IN THE CITY.

**Purely Business!**  
The columns of a newspaper represent a cash value. No publisher can afford to give advertising "nothing" free any more than a merchant can toss over his counter two gifts of dry goods or shoes. A newspaper is a legitimate business concern. Its columns are its stock in trade, and advertisements should be paid for, no matter in what part of the paper they appear.

## HECHINGER & CO.'S FALL STYLES

Are Shown in Scores of Handsome New Cuts!

Weavers' wits were never more versatile in producing attractive loom effects. Skill in wholesale tailoring has made marvelous progress in recent years. No better evidence is needed than a critical inspection of ready-to-wear clothing made for them. There is a nicety of detail, a carefulness of finish, a symmetry of cut that denotes master minds and master hands. This not only has reference to their clothing, but also to their other different departments. Nowhere will you see so handsome a display of gentlemen's Furnishing Goods, fine Shirts, Hats, Collars and Ties as Hechinger & Co. show.

Have You Looked at Their Stock of Smith & Stoughton

## SHOES?

Recognizing the needs of their patrons, Hechinger & Co. arranged with Messrs. Smith & Stoughton, one of the most prominent manufacturers of fine Men's Shoes in the country, to sell their goods. See their window display of them and you will not wonder that although but thirty days elapsed since the first shipment arrived they are already doing the Men's Fine Shoe business of the town.

KENTUCKY REPUBLICAN PLATFORM.

Adopted at Louisville, Aug. 19th, 1897.

Resolved, by the Republican party in Convention assembled:

First—That we reaffirm the principles of the Republican party as set forth in the platform adopted by it at St. Louis, 1860.

Second—That we endorse the Republican National and State Administrations, and especially commend the action of our present state officials in their efforts to suppress mob violence and to preserve the financial credit of the state.

Third—We commend the action of the representatives of the Republican party in the passage of a tariff bill which will raise revenue sufficient to support the Government, prevent the issue of interest-bearing bonds, protect American labor and maintain the National credit.

Fourth—We are opposed to a system of civil service which builds up an official class with practically a lifetime tenure in almost all branches of the public service, and we demand that the Civil Service Law be modified so as to limit the term of service to four years, with the privilege of reappointment or promotion, subject to such restrictions as will secure competent officials and give to every section of the country its proper proportion of them.

Fifth—We heartily sympathize with the struggling people of Cuba in their efforts to secure liberty and independence.

Sixth—That we recommend to the people the adoption of the Constitutional amendment submitted by the last Legislature, allowing all cities and towns the privilege of organizing under legislative supervision the method of levying the taxes they impose on themselves for city and town expenses.

Seventh—We favor the passage of a law that will protect the laborers of Kentucky from the competition of convict labor, and, if necessary, to accomplish said result, an amendment to the Constitution permitting such legislation.

"The best way to get rid of a bad law is to enforce it."—General Grant.

Therefore THE LEDGER favors the rigid enforcement of the Civil Service Law.

CONSIDERING that the Dingley Law found the warehouses and shelves of the country crowded with foreign goods when it went into operation, its second month is proving very satisfactory and gratifying. The receipts for the month will, it is expected, surpass those of the corresponding month in the history of the Wilson Law, although that law had the advantage of the revenues from large quantities of foreign goods which were held back prior to its enactment and rushed into the country as soon as it went upon the statute books, while precisely the reverse conditions pre-

valled when the Dingley Law went into operation. The deficit in the second month of the Wilson Law was over \$13,000,000, while in the second month of the Dingley Law there will be little if any deficit. There is every reason to believe that the Dingley Law will provide sufficient revenue to meet all running expenses when matters resume their normal condition.

The reports from Spain now make it perfectly apparent that President McKinley's attitude on the Cuban question is going to be clear, vigorous and of a character that every American citizen will approve. Not only is he entering on a course which will bring permanent peace and prosperity to Cuba and the Cubans, but one which will meet with the approval of the intelligent Nations of the earth and avoid the hostilities and criticisms which would have been certain to follow hasty and ill advised action taken without careful examination of all the facts and equally careful consideration as to the course of duty and wisdom.

NOBODY who voted for McKinley has been heard to complain during the last sixty days of the result of that vote. Since the enactment of the Protective Tariff which the election of McKinley assured, manufacturers have resumed on full time, and increased wages in many cases, business houses report their sales larger than in any year since McKinley times, and the only complaint which the banks have to offer is that they cannot find enough customers for the money which they have to loan. This is in marked contrast with the contrast with the conditions in the corresponding period of the Cleveland Administration, when banks were breaking, business houses closing, and manufacturers reducing forces or suspending operations altogether.

THE Free-traders took their last shot at the farmers in June; they hustled in everything available on which the new Tariff Law increased the rates of duty. The following shows the value of some of the more important farm products imported in June, 1897, compared with June, 1896:

Imports.	June, 1897.	June, 1896.
Cattle	\$17,300	\$2,400
Swine	15,210	19,900
Butter	18,700	18,700
Cotton	267,730	190,410
Wool	18,400	85,800
Flax	17,400	92,140
Feather	18,400	21,600
Manila	20,400	70,700
Flora	12,500	130,700
Oranges	34,100	11,700
Rice	13,700	11,600
Beans	48,710	18,200
Chickens	12,700	11,600
Hides	2,800	1,700
Combs	1,400	1,700
Combs wool	1,400	1,700
Total	\$2,500,000	\$1,500,000

As to that \$1,500 check which McLEAN and CHAPMAN of Ohio are said to have drawn in favor of WILLIAM JENNINGS BRYAN, it is now suggested that probably the check was given to induce Mr. BRYAN to keep out of the state. It is observed that he is making two speeches a day in Iowa and casting his eyes longly in the direction of Ohio but doesn't get there. It is also announced that his rival candidate for the Presidential nomination of 1900, ex-Congressman TOWNE, has already been ordered off the stump and out of the state by the manager of the Ohio Democratic campaign, the Honorable ALLAN OWENS, and it is shrewdly suspected that Mr. BRYAN's absence from Ohio as well has been obtained by some more effective process than a mere threat of ejection.

A few weeks ago the editor was taken to a very severe cold that caused him to be in a most miserable condition. It was undoubtedly a bad case of grippe and recognizing it as dangerous he took immediate steps to bring about a speedy cure. From the advertisement of Chamberlain's Cough Remedy which the many good recommendations included there we concluded to make a first trial of the medicine. To say that it was satisfactory in its results, is putting it very mildly, indeed. It acted like magic and the result was a speedy and permanent cure. We have no hesitancy in recommending this excellent Cough Remedy to anyone afflicted with a cough or cold in any form.

### STATE OF INDIANA

Quarantine Against Louisville On Account of Yellow Fever in the South.

LOUISVILLE, Ky., Oct. 6.—The state of Indiana has quarantined against Louisville on account of the yellow fever in the south. Prompt action will be taken to have it removed, and a special train will be sent to Indianapolis Tuesday morning with a delegation to make a protest.

Great indignation is felt here against Dr. Withrow, of Cincinnati, who is held responsible for the action of the Indiana authorities.

At a meeting of the Commercial club and board of trade Tuesday the suggestion of District Passenger Agent Hagerity, of the Pennsylvania road, that a special train bearing a number of prominent citizens be sent to Indianapolis at once was adopted, and an interview with Gov. Moore and Dr. Jameson was held Tuesday afternoon. Among those who form the delegation to call on the governor are Mayor Geo. D. Todd, C. C. Mengel, Jr., president board of trade, Gil Boyle, Evening Post, W. B. Haldeman, Courier-Journal, Lewis Stewart, C. Norton, Logan Murray, W. T. Rife, R. M. Creel, J. R. Speed, John Denlap, Andrew Conway, Dr. W. P. White, chief of police, George Gaubert, R. B. Belknap and A. H. Beckman.

Twelve Indianapolis physicians, who are here attending the meeting of the Mississippi Valley Medical association, wired Gov. Moore Tuesday morning that it was absurd to think that there was yellow fever here.

It is proposed that the committee will prevail upon the governor to rescind the order quarantining against Louisville.

LOUISVILLE, Ky., Oct. 6.—The following communication from the unknown board of health to Health Officer W. P. White, sent by order of Gov. Moore, speaks for itself:

INDIANAPOLIS, Ind., Oct. 5, 1897.

To Dr. W. P. WHITE, Health Officer, Louisville, Ky.—The state board of health of Indiana, new constitution, is establishing quarantine against Louisville or any other city on account of yellow fever. We met simply to consider the health affairs of the state and the yellow fever situation in the south. Recognizing a possible necessity the governor was requested to supply funds to meet the same. The possible need for refugee inspection was discussed. Our investigation proved positive. There is no yellow fever in Louisville and you are assured no action is to be taken by this board. (Signed) DEBORAH J. JAMESON, President.

J. N. HUBLEY, Secretary.

### MRS. WILSON

Invited the Lumber Tramp Into the House and Then Shot Him.

LEXINGTON, Ky., Oct. 6.—In the absence of James L. Wilson, an unknown tramp called at his home in the country, near Lexington, Tuesday morning and inquired for the man who lived in the house. The young woman stepped to a table in the hallway and picked up a revolver. Turning she fired at the advancing tramp. He jumped backward onto the porch. Mrs. Wilson fired again. The tramp lay lifeless in the left side of the house. He staggered a few feet and then broke into a run.

Wilson and his friends have scoured the country for the would-be assassin.

## THE YANTIC

To Be Delivered to Michigan for the Use of the Naval Militia.

The Old Ship Will Sail From Boston Under Her Own Steam.

REPRESENTATIVE W. GODFREY HUNTER HAS AN HOUR'S CONFERENCE WITH PRESIDENT—COMMISSIONER OF THE NAVY—AND MAKES HIS REPORT TO THE SECRETARY.

WASHINGTON, Oct. 6.—Secretary Long Tuesday gave the necessary orders for the sailing from Boston of the Yantic and her delivery to the state of Michigan for the use of the naval militia. The old ship will sail under her own steam some time between the 12th and the 15th inst. She will be under the command of Commander W. I. Moore, U. S. N., who will have with him a crew of 100 men, Lieut. Newberry and Lothrop, representing the state of Michigan, will sail with the Yantic and upon her arrival at Montreal will formally receive the ship from the command of the commander in behalf of the state. All the alterations in the ship necessary to secure her safe passage through the St. Lawrence canals will be made at Montreal at the expense of the Michigan authorities. The ship will be loaded with the Yantic will be placed aboard the U. S. S. Michigan at Erie, six miles to the west of Buffalo, N. Y., and will be retained and kept at anchor until the ship is ready to sail for Montreal by rail.

The special board on canal dry docks is now hard at work on the second branch of the work confined to it, namely, in investigating the state of the existing timber docks. The work is nearing completion, and it is evident that congress must come immediately to the relief of the navy department with a liberal appropriation for the repair of the docks unless it is prepared to witness a repetition of the docking of the American battleship in a foreign country.

WASHINGTON, Oct. 6.—Ex-Representative W. Godfrey Hunter, of Kentucky, had an hour's conference with President McKinley Tuesday afternoon, and at its conclusion he stated that the appointment of Dr. Hunter as minister to Guatemala had been signed by the president. Dr. Hunter has not as yet fully made up his mind that he will accept the mission. His decision will depend entirely upon whether he can arrange his business interests in Kentucky so that they will not suffer from a four-year's absence. However, he believes this can be done and so he is inclined to accept the mission. Dr. Hunter left for the west Tuesday night in company with Senator Deboe. It is understood that the president has practically decided upon Dr. H. Sorby, of Mississippi, for compensation secretary of legation at Guatemala City in the event of Dr. Hunter finally concluding to accept the position of minister.
